

Enabling teens to lead successful lives and build strong communities.

In TOP®, your teen will discuss relationships, communication, peer pressure and goals.

They will join in fun activities and earn service hours.

They will make a difference in the community!

TOP® is looking for additional community partners in Collier County to host club sites in the near future!

For more information on how to host a club, please call Stacy Kling (239) 461-8389
